1

I WRITE TO PROTEST THE PRESENT CONSIDERED PLAN TO
ROUTE THE NUCLEAR WASTE MATERIAL ^{NEAR} AND AROUND THE
DENSE POPULATION AREA OF THE CHICAGOLAND MIDWEST. I
REALIZE ANY AREA WOULD SAY, "NOT THRU MY BACKYARD",
HOWEVER, SINCE IT SEEMS TO BE A GIVEN SOMETIME IN THE
FUTURE I WOULD SUGGEST TO FIND A ROUTE THAT IS LEAST
DENSE IN POPULATION. ACCIDENTS ON OUR HIGHWAYS AND THE
POOR CONDITION OF THE RAILROAD BEDS CAN BE HAZARDOUS
AT ANY TIME, BUT WITH DEADLY NUCLEAR MATERIAL A SOLUTION
IS TO FIND THE SAFEST TRANSPORTATION POSSIBLE.

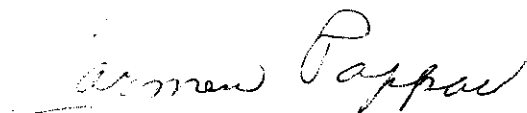

I HAVEN'T A SUGGESTION TO OFFER OTHER THAN TO ASK
THAT THE UTMOST CONSIDERATION TO SAFETY BE GIVEN THIS
PROBLEM.

2

PERHAPS THE SAFEST SOLUTION TO THE EXTREME PROBLEM
OF NUCLEAR WASTE IS TO FAZE OUT THE MAKING OF BOMBS AND
THAT INDUSTRY. IT IS TIME WE CONSIDERED WHAT IS BEST FOR
PLANTET EARTH RATHER THAN AN INDUSTRY THAT PRESENTS PRO-
BLEMS SO DIFFICULT TO SOLVE.

THANK YOU FOR CONSIDERATION OF THIS LETTER.

SINCERELY,

A handwritten signature in cursive script, appearing to read "James Pappas".
